

MARSHALL EDUCATION FOUNDATION

Mini-Grants for Marshall Teachers

Helping teachers teach and students learn

How does it work?

Through a very simple application process, PreK-12 teachers can apply for grant funding to provide enriching academic experiences in their classrooms. Typical grant awards range from \$500-\$1,000. Grant applications are due by June 9th, 2017.

Our goal is to encourage and support teachers who have great ideas for creative use of curriculum that will provide enhanced learning experiences for students. Mini-grants enable the purchase of special materials and resources for the classroom and are intended to support projects that are not provided for within school budgets or through other means.

All grant recipients are expected to report on the expenditure of grant funds and results of the supported project within one year of the award.

Who can apply?

All MISD PreK-12 teachers are encouraged to apply. No more than one grant will be awarded per teacher per year.

Why mini-grants for teachers?

We recognize that students come from diverse backgrounds, have different learning styles and can benefit from creative learning opportunities. Limited school budgets often cannot support the creative ideas and enriching material teachers want to bring to their classrooms to enhance student learning.

The mini-grants for teachers program brings together the resources of area supporters of PreK-12 education who believe that by working together, we can impact the ability of educators to create meaningful learning experiences for children in MISD.

What if I'm not at the Same Campus?

The foundation understands Marshall ISD is in flux with 5 new campuses being constructed. Please Apply! We will evaluate any changes as long as you are teaching at a MISD campus and do our best to apply and award your grant to your new campus!
